- Cancel Microsoft subscription
- How to cancel Microsoft subscription
- Microsoft subscription cancellation
- Cancel Microsoft 365 subscription
- Stop Microsoft recurring billing
- Microsoft subscription refund
- Cancel Microsoft Defender subscription
- Microsoft account subscription management

This guide answers the most frequently asked questions about **Microsoft subscription cancellation**.

How Do I Cancel My Microsoft Subscription? 1-888-319-8920

To **cancel a Microsoft subscription**, sign in to your Microsoft account, open your subscriptions page, select the subscription you want to manage, and follow the available options to stop recurring billing or cancel the subscription if applicable.

Many subscriptions remain active until the end of the current billing period even after recurring billing is turned off.

How Do I Stop Microsoft Recurring Billing? 1-888-319-8920

Stopping recurring billing prevents future automatic renewals. You can generally do this through your Microsoft account by selecting the subscription and choosing the recurring billing option.

Users frequently search for:

- Stop Microsoft recurring billing
 - Turn off Microsoft auto renewal
 - Disable Microsoft subscription renewal
 - Cancel Microsoft auto-renew
-

Can I Get a Refund?

Refund eligibility depends on several factors, including:

- The type of subscription.
- The payment method.
- The purchase date.
- Applicable terms and regional consumer laws.

Review the terms that applied to your purchase to determine whether a refund may be available.

Common Reasons to Cancel a Microsoft Subscription 1-888-319-8920

Customers may decide to cancel because they:

- No longer use the service.
 - Purchased the wrong plan.
 - Found an alternative product.
 - Want to reduce monthly expenses.
 - Have duplicate subscriptions.
 - Received a subscription through work or school.
-

What Happens After Cancellation?

After you **cancel a Microsoft subscription**, you may experience the following:

- Future recurring payments stop if recurring billing has been disabled.
 - Your subscription generally remains active until the current paid period ends.
 - Premium features may no longer be available after expiration.
 - You can often subscribe again later if needed.
-

Frequently Asked Questions

How do I cancel my Microsoft subscription?

Manage your subscription through your Microsoft account and follow the available cancellation or recurring billing options.

Can I cancel Microsoft 365 at any time?

In many cases, you can stop future renewals at any time. Access to paid benefits generally continues until the end of the current billing cycle.

How do I stop Microsoft recurring billing?

Open your Microsoft account, locate your subscription, and choose the recurring billing settings if available.

Can I request a refund after canceling? 1-888-319-8920

Refunds depend on the terms of your purchase and other eligibility factors. Review the applicable policies for your subscription.

Will canceling delete my Microsoft account? 1-888-319-8920

No. Canceling a subscription does not automatically delete your Microsoft account.

Can I renew my subscription later? 1-888-319-8920

Yes. In many cases, you can purchase or reactivate a subscription again if you decide you need it.
